VHA 101 - VA Central Office (VACO)	11-02020-F	Excalibur Healthcare, PA	winning bid proposal for VA25709RP0228 Attached is a new FOIA request that was sent to CO by Excalibur (11-02020-F). VHA CO FOIA has reassigned this new case to VISN 17. However, the requester is asking for the same information as what CTX has been gathering for request 11-01642-F. As a result, I (VISN 17 FOIA POC) contacted the requester on January 19, 2011 and explained to him that CTX and VISN 17 Contracting have been working on his previous request since November 2010 and that they were in the process of completing. As a result, he agreed to close his most recent request with the understanding that case 11-01642-F was being processed (see embedded memorandum). The CTX FOIA Officer will provide a response to the requester in the very near future.	1/13/2011

I am hoping to find total grant dollars awarded to residents of Washington State. I am hoping to get data for one calendar year. I do NOT want any confidential data -- I only need the total of grants awarded. I understand that you award these grants to residents of other states as well, but that the majority is to residents of Washington, If you are not able to easily separate the data for Washington residents, I would still be very interested in receiving the total grants awarded in our region."	3/18/2011

VHA 10N6 - VA Mid-Atlantic Health Care N	11-07494-F	-	A copy of the federal plan to end homeless and particularly the portion that addresses ending homelessness among Veterans in five (5) years. I believe the VISN 6 and respective VAMCs are probably two to three years into this plan. A copy of the organizational charts for the VISN 6 and Salisbury VAMC. Fayetteville VAMC, Durham VAMC and Asheville VAMC. It is important for me to understand the organizational structure. I am looking for information that includes who the Chief Executive Officers (CEO) answer and report to in the VISN and VAMCs. I can guess the CEOs of the VAMCs report to the CEO of the VISN 6. Who does the CEO of the VISN 6 report to? I know there are probably serval versions of organizational charts floating around given these organzations are so large. I am looking for information that shows the line of business and reporting structre for each homeless veteran coordinator (or appropriate job title) at each VAMC and who they report to-and who that person report to-and who that person reports to , etc. etc. etc.-all the way up the chain of command. I understand that you may have to forward this part of the request to the respective FOIA Officer for those organizations (I would also like their contact information to include phone number and e-mail address). Phone numbers and e-mail addresses for the CEOs of the VAMCs and VISN 6. The name and contact information to include phone number and e-mail address for the individual that the VISN 6 CEO reports to.	7/21/2011

VACO – OSDBU - Office of Small and Disadvantaged Business Utilization (00SB)	11-08259-F	RASco, Inc.	I request that you submit a copy of any additional notes the DVA has kept on RASco for processing the recertification of the SDVOSB status, or documents containing RASco's recertification of the SDVOSB status, since June 27th, 2011. In compliance with the DVA's policy to reduce paper waste, I request that all information collected be sent electronically to the email provided below. Should there be any additional costs concerning this request, RASco will be prepared to pay any reasonable expense concerning this issue. Our understanding is that the records we are asking for is on a screen within the VA's system that tracks notes concerning the calls made by RASco in an attempt to obtain our SDVOSB re-certification. It is these notes that we are interested in getting. We do not care about the format or the "misspelling" of words or grammar corrections. A simple email with the information will suffice. Should the VA feel it needs to charge RASco a fee, please send an informal estimate of those fees at which time RASco will follow any procedures for payment deemed necessary for payment. The intent being to get this information more quickly than to slow down any ability to obtain this information.	8/22/2011

VHA 10N2 - VA Healthcare Network Upstate	12-00546-F	The Legal Aid Society	The attached FOIA request is almost identical to the original request. Thus in the hopes that we can avoid confusion or further delay, we would like to explain what we are seeking and why. The Legal Aid Society is researching the discharge planning and re-entry services available to New York prisoners, particularly those suffering from physical or mental health disabilities. We are looking for documents pertaining to any services provided by Veterans Affairs to state prisoners in New York, both prior to their discharge from a New York state prison and after release. To that end, we have sent FOIL requests to various federal, state and city organizations in order to get a picture of services available to the recently discharged as well as information about who is using these services and to what extent their needs are being met. Our request covers any documents, records, reports, contracts, etc., related to services the VA provides or has provided in the relevant period to incarcerated or formerly incarcerated veterans in New York state. Our request is especially interested in how the VA's services may help the formerly incarcerated or recently released re enter society. This would include, but not be limited to: job training, or job seeking skills, health care, mental health care, help with prescription or medical costs, help applying for public benefits like social security, and help finding housing for those who would otherwise be homeless.	10/13/2011

VACO – OF (FSC) - Office of Finance (Financial Services Center) (104/00)	12-01009-F	-	I am requesting a copy of the lists of outstanding and stale dated checks written by the Department of Veterans Affairs. This request is made pursuant to the Freedom of Information Act. Specifically, I am seeking records of outstanding and stale dated checks that were originally issued by the Department of Veterans affairs. For each of these outstanding and stale dated checks, I am requesting the name of the payee, the check number, the date of issue and dollar amount and address if available. If it is not easily extracted then addresses are not necessary. I am interested in reviewing records of outstanding and stale dated checks greater than $500 that are older than fifteen months from the run date of the report that are up to seven years old.	10/31/2011

VHA 10N17 - VA Heart of Texas Health Car	12-01045-F	Triple Tree LLC	Per e-mail received from requester: I would like to submit a follow up FOIA request to better evaluate and refine the data received from my previous central office FOIA request. I am not sure if this should be considered a separate FOIA request or an addition to my previous request - VHA-12-XXXXX-F. Please provide a list of all outpatient clinics in VISN 17 (CBOC, outpatient, mobile, or satellite) along with their city and state. Because of the multiple clinics in the San Antonio area, please provide addresses for those. Please also include FY 2011 patient enrollment and mental health enrollment figures similar to my VHA-12-XXXXX-F request. VISN 17 will be the benchmark standard going forward in my analysis of the market so I would like to collect an overall snapshot of VISN 17 to better determine steps needed going forward with other VISNs. Please let me know if any fees are needed to be assessed. Thank you very much for your help. Acknowledgement Letter e-mailed to requester on November 4, 2011. Initial Decision Letter sent via e-mail November 8, 2011, with populated spreadsheet to requester. Confirmed receipt by requester with message stating they were satisfied and to close FOIA request.	11/4/2011

He very verbally expressed his disgust for the "flawed process". He was again advised about FOIA processing time frames and was told that since his request was not received with a request to be expedited, it would be processed accordingly. He then faxed a new request with the words "PLEASE EXPIDITE" written on it, however, he did not supply a reason for the expedited status.	11/17/2011

We formally request a list of these financial institutions; under the Freedom Of Information Act (FOIA) who are denying our veterans during the removal of a VA property recorded in the Federal Register which is Public Record. This lender's position is most certainly a substantial issue of Public concern that warrants further investigation, not closure."	12/13/2011

VHA 501 - New Mexico VA Health Care Syst	12-01985-F	Steven Granberg Attorney at Law, P.A.	A. All documents or records which support these conclusions regarding B.C.: 1. Fails to consistently follow VA standards while taring for patients. 2. Differentiation of cardiac rhythms remains an area of concern for B.C. He has not taken the initiative to sit the Telemetry desk allowing him more exposure to rhythm differentiation. 3. Fails to consistently consult with peers to ensure proper procedures are followed during patient care. 4. Is unable to communicate or understand the importance of documentation. 5. Fails to consistently include the patient in decision making if possible. 6. States the patient must be in active, acute alcohol withdraw before providing interventions such as medications. For purposes of this request the documents and records sought include emails, Reports of Contact, memos, or other writings by supervisors, co-workers, and patients. (For example. to support the conclusions in 14 and 15 above. 7. Has repeatedly failed to notify the physician when a patient expresses concerns with their withdrawal or requests assistance with the withdraw process. 8. Elected to work night shift to assist overall staffing of the Telemetry unit and stated he prefers to work the slow-paced shift. 9. Minimally evaluates the effectiveness of interventions given based on safe and effective care. B.C. is unable to critically understand the need for timely completion of interventions and the necessity of complete and accurate documentation and SBAR handoff communication to both peers and physicians. 10. Substandard performance continues with assessing and appropriately managing patients using nursing protocols such as CIW A and Heparin. 11. Fails to consistently collaborate with the patient as a member of their own healthcare team. 12. Does not ask appropriate questions as they arise related to his practice. There has been minimal improvement in this area since B.C.'s last proficiency despite recurring orientation and educational efforts focused on improvement 13. Lacks understanding of how to apply the nursing process at the unit, team, and work group level to improve patient care as demonstrated by his inadequate nursing documentation. His feedback demonstrates a poor understanding of how decisions affect the overall outcome of a patients hospital stay. 14. He has received multiple peer and patient complaints about his lack of interpersonal awareness to the point that his interactions affect the unit's ability to provide quality patient care. 15. Therehave been many patient reports that B.C. appears not to acknowledge their needs communicating ail overall feeling that B.C. really doesn't care. 16. B.C. is unable to work independently in a safe and effective manner after almost 2 years at this facility and 3 orientation attempts. 18. Fails to consistently use appropriate resources, such as the VA intranet, to fwd	12/22/2011
