VACO – OF (FSC) - Office of Finance (Financial Services Center) (104/00)	10-00125-F	The Locator Services Group, Ltd.	Pursuant to 5 U.S.C. Sec. 552 ("FOIA"), I am writing to request copies of the PACER Sheets or similar data for the checks issued at the direction of the Veterans Administration Finance Center ("VA") during the month of July 2008 (July 1, 2008 to July 31, 2008) and canceled for limited payability during the month of September 2009 (September 1, 2009 to September 30, 2009). In addition, I would like to know, to the best of your capabilities, whether the obligations remain outstanding, and if so, the identity of the local VA facility, station or office which is responsible for reissuing the payment. You may identify the responsible local VA facility, station or office directly on the data you provide to us, and this may be done by using a code, if this is more convenient for you. In the alternative, please just write the name of the facility, station, or office. It is not necessary to also record the phone number, address or name of the point of contact who is responsible for reissuing the payment directly on the data/sheets. I am also requesting a listing of VA facilities, stations or offices, along with their applicable codes (if you choose to use such codes on the data/sheets), and the name, address, and contact phone number for each facility/station/office's employee responsible for reissuing payments (e.g., chief accountant) as you know this information. (I will use this listing as a cross reference, and will refer to it to learn the identity of the appropriate point of contact should I need to make further inquiry regarding any cancelled check that possibly remains outstanding.)	10/5/2009

When was he discharged and in what manner? (ie. Honorable discharge, dishonorable discharge, admin sep). How long (how many years) had he been getting treated at the VA? Which hospital? Did he suffer any physical injuries related to his military service? Did he suffer from PTSD or psychological problems? Did he get counseling? The homeless shelter run by VOA told us Ice was in the process of being transferred back to the VA's temporary housing for homeless vets. Can you confirm that and elaborate on the VA's housing options for vets? Can you provide details of the 2008 incident for which Ice pleaded guilty to attempted assault and vandalism? The Plain-Dealer reported that incident occurred at a VA facility. Can you confirm that? Do we know for how long Ice had been without employment or housing? Do you have contact info for any of his family members?	2/11/2010

VHA 630 - Manhattan Campus of the VA NY	10-04056-F	-	Requester seeks: "Sources of funding provided to and agreements on funding/staffing with NYU at the Manhattan VA for all physicians, whether resident, fellow, or attending. Within this request, payments made directly or indirectly to/for [name eliminated], [name eliminated], or other NYU teaching faculty should be included. Documents which show who makes the determination as to how many physicians, residents, fellows, or attendings, the Manhattan VA requires/desires & how that calculation is made. Computerized Patient Record System records showing the log-in status of all residents, fellows, & attending physicians from NYU at the Manhattan VA from 1998 until the present. (we have included examples) Complaints (whether by patients, doctors, or ancillary staff) about the quality of care or any delays in admission/treatment, time to diagnose, time to read/interpret radiological scans/studies, time to surgery, etc. Basically complaints which would suggest that the number or quality of physicians were subpar or less than expected. For example, [name eliminated], (chief of surgery) stated there were numerous complaints that surgery made that the radiologic studies were not read fast enough. Any follow-up/subsequent investigations, inquiries or conclusions, whether performed by Quality Management or by someone else. If this request is too burdensome, we would appreciate that the information be concentrated on funding for the residency departments (including faculty) of radiology & neurology at NYU especially from 2000 to 2005."	3/9/2010

In preparation for the Annual Report, next week we will begin sending you weekly email notifications concerning your backlogged FOIA requests as reported in FOIAXpress. We believe that many of the requests that appear to be overdue have been closed, but the FOIAXpress entry was not updated to reflect the closed status. Please advise your FOIA Officers in the field they must close the request in FOIAXpress also. We must all make a serious effort to reduce the number of FOIA requests that are backlogged in FOIAXpress to the greatest extent possible before September 30, 2010 because the Annual FOIA report is generated from the data found in FOIAXpress. Additionally, the White House and the Department of Justice are currently focusing their attention on agencies reduction of backlogged requests.
