I believe the VISN 6 and respective VAMCs are probably two to three years into this plan. A copy of the organizational charts for the VISN 6 and Salisbury VAMC. Fayetteville VAMC, Durham VAMC and Asheville VAMC. It is important for me to understand the organizational structure. I am looking for information that includes who the Chief Executive Officers (CEO) answer and report to in the VISN and VAMCs. I can guess the CEOs of the VAMCs report to the CEO of the VISN 6. Who does the CEO of the VISN 6 report to? I know there are probably serval versions of organizational charts floating around given these organzations are so large. I am looking for information that shows the line of business and reporting structre for each homeless veteran coordinator (or appropriate job title) at each VAMC and who they report to-and who that person report to-and who that person reports to , etc. etc. etc.-all the way up the chain of command. I understand that you may have to forward this part of the request to the respective FOIA Officer for those organizations (I would also like their contact information to include phone number and e-mail address). Phone numbers and e-mail addresses for the CEOs of the VAMCs and VISN 6. The name and contact information to include phone number and e-mail address for the individual that the VISN 6 CEO reports to.	7/21/2011

VACO - OSDDBU - Office of Small and Disadvantaged Business Utilization (00SB)	11-08259-F	RASco, Inc.	I request that you submit a copy of any additional notes the DVA has kept on RASco for processing the recertification of the SDVOSB status, or documents containing RASco's recertification of the SDVOSB status, since June 27th, 2011. In compliance with the DVA's policy to reduce paper waste, I request that all information collected be sent electronically to the email provided below. Should there be any additional costs concerning this request, RASco will be prepared to pay any reasonable expense concerning this issue. Our understanding is that the records we are asking for is on a screen within the VA's system that tracks notes concerning the calls made by RASco in an attempt to obtain our SDVOSB re-certification. It is these notes that we are interested in getting. We do not care about the format or the "misspelling" of words or grammar corrections. A simple email with the information will suffice. Should the VA feel it needs to charge RASco a fee, please send an informal estimate of those fees at which time RASco will follow any procedures for payment deemed necessary for payment. The intent being to get this information more quickly than to slow down any ability to obtain this information.	8/22/2011
