VACO – OAL - Office of Acquisition and Logistics (001AL)	14-04614-F	-	I would like to request purchasing information from Department of Veteran Affairs, including any procurement/contract databases, for the dates January 1, 2013 to March 31, 2014. Basically, I am seeking an electronic file (.csv, excel, text, etc.) which would include all purchasing/procurement information for the time period that is available in the computer system(s). Generally, this would include such fields of information as: • Purchase ID • Purchase Date • Purchaser Responsible Contact (i.e. name, address, phone, and email information for the individual who actually purchased the product) • Contract ID • Contract Number • Agency ID (i.e. Department of Veteran Affairs department) • Vendor ID • Vendor DUNS • Vendor Name • Vendor URL • Vendor Phone • Vendor Email • Vendor Address • Vendor Contact Name • Manufacturer ID • Manufacturer Name • Manufacturer Part Number • Manufacturer DUNS • Part or Service Description (i.e. the product purchased) • Part or Service ID • Part or Service Price • Part or Service Quantity • Copy of Contract (when applicable) I understand some of this information may not be available, or there may be additional fields included. Basically, I am seeking a total data dump from the purchasing system for the time period indicated for all invoices/purchase order data. If there is someone in the IT department that manages the purchasing system, it might be beneficial for us to have a brief phone call to better understand what is available in the system. VHA 664 - VA San Diego Healthcare System	14-05019-F	-	PART A -- FOIA REQUEST This is a request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, for the production of the following documents: 1) All documents in the possession of Dr. (b) (6) and/or of the VA San Diego Healthcare System relating the clinical trials of colchicine carried out on behalf of URL Pharma (Clinical Trials. gov identifier: NCT00506883), including both paper and electronic documents such as email with the study collaborators and electronic records of any kind relating to this clinical trial, from the time of Dr. (b) (6) initial discussions of the trial with URL Pharma (or any agent or representative thereof) to the date of this request as indicated above. 2) All prescriptions written since the beginning of his association with VA San Diego Healthcare System (or legal predecessor) by Dr. (b) (6), and any other doctor under his supervision at the VA San Diego Healthcare system, for the the treatment of acute gout flare. PART B -- Patient Privacy The names of patients who were given prescriptions requested under Part A, 2, above are expected to be, and should be, redacted. PART C -- Costs I am a science writer, with much experience in using the FOIA. I am willing to cooperate to limit the search time required to identify documents falling within the scope of this request and to consider reasonable methods of reducing the cost. I can visit San Diego and assist your record gatherers for this purpose. The documents sought in this request are intended for non-commercial use, to assist in the preparation of a published article on the best way to use colchicine and other drugs to treat gout and other health problems, and to reduce the costs (estimated at over \$250 million per year) to the US government, via Medicare and other programs, for colchicine. A waiver is hereby requested, under the public-interest provision of the FOIA, from search and copying costs. Please use this email for all correspondence; I may also be reached by telephone at (b) (6) to discuss any matters related to this request. Please confirm your receipt of this request by return email.	5/15/2014

VHA 646 - VA Pittsburgh Healthcare System	14-05048-F	-	1. I understand that Dr. (b) (6) is no longer Service Line Chief at the VAPHS. I would like to know her current Position description, the reason for this re-organization and if this was the consequence of a disciplinary action. Additionally, kindly supply information regarding the office she now occupies and its proximity to the Pathology Department. I understand that Dr. (b) (6) was a Tier 3 employee. I would appreciate any and all information regarding her remuneration, market pay and all bonuses since January of 2010. 2. Dr. (b) (6) is currently an Interventional Radiologist with the Department of Radiology. When I was the chief of Radiology at the VAPHS, it was Dr. (b) (6) or Dr. (b) (6) who approved his leave and "time away" and "comp time". I know that Dr. (b) (6) maintained an extensive file on Dr. (b) (6) absences from the VAPHS. I would like to be supplied with this list from 2008 till the present time. I also understand that Dr (b) (6) is currently working only 4 days a week allegedly for 10 hours per day. I would like to be supplied with evidence of his average workload per day, the number of RVUs he generates from general diagnostic radiology vs. Interventional radiology. According to HR, it is illegal to give physicians "comp time" for being on call. However, both Dr. (b) (6) and Dr. (b) (6) condoned the comp time despite being told by (b) (6) of the illegality of granting this "perquisite". I would like to be provided evidence of the regulation or internal memorandum, which allowed these individuals to circumvent the rule. 3. It is reported that Drs. (b) (6) and (b) (6) perform moonlighting at the UPMC hospitals. I would like to be provided the memoranda or other documentation, which allowed them to perform this since permission has to be obtained from the leadership i.e. Service Line Chief, Chief of Staff etc. Additionally, I would also like to be provided a list of the patients who were fee-based from the VAPHS or other VA facilities and were provided services by these physicians while they were moonlighting.	5/19/2014

VHA 638A8 - Iowa City VA Medical Center	14-05157-F	Des Moines Register	(*****) national staff sent over stats they've pulled from VA reports about waiting times, indicating Iowa City's and Des Moines' are longer than average. The report indicates that nearly 42 percent of Iowa City patients seeking mental-health appointments are waiting more than 14 days. Can you please check today to see how that squares with your records? Also, what are the wait times for new patients to see primary care providers at your facility? What are the average wait times for subsequent primary care appointments? Has the local VA conducted reviews of any patient deaths or other negative outcomes that allegedly resulted from delays in care? Has the facility been subject to inquiries or reviews by the Office of Inspector General, Administrative Review Board or other VA internal units concerning patient access or waiting times?	5/21/2014

VHA 580 - Michael E. DeBakey VA Medical	14-05161-F	Houston Chronicle	Request sent to Public Affairs Officer for the following: Here are some questions for the story we're preparing? 1. What was the date VA OIG Hotline Referral Case No. 2014-00906-HL-0160 was filed? 2. Do you have a report on y'all's investigation beyond the Jan. 27 memo from the director's office? 3. Did the OIG's office respond to y'all's investigation? 4. Do you have statistics on y'all's appointments? The number annually, both in the most recent year and years past (so we can determine any trends)? Staffing increases? Average wait time? 5. Who was last week's audit by? 6. The OIG's office is now acknowledging that they are investigating 26 VA facilities. Are y'all one of them? 7. Following up on conversation yesterday, y'all are confident no scheduling "gaming strategies" have been enlisted there? Deputy Under Secretary for Health for Operations and Management William Schoenhard wrote the 2010 memo about the practice and the VA is now under much fire for the continued use of the practice nationwide, but it's never happened at the Houston VA? We have two Houston VA sources telling us about the practice there. 8. Specifically, the sources tell us that Sangita Shah and Herbert Mills applied pressure on schedulers -- complaining if they weren't "playing ball" -- to enter as a patient's desired appointment date one that the scheduler identified as the first available time; and to go into logbooks to falsify data to make it appear a wait time was much shorter than it was. How do they respond to that?	5/21/2014

VHA 610 - VA Northern Indiana Health Car	14-05198-F	Fort Wayne Journal Gazette	In April, the Center for Investigative Reporting wrote about VA spending \$200 million since 9/11 to settle nearly 1,000 wrongful death cases. On May 17, the Dayton Daily News reported that VA paid \$36.4 million to settle 167 delay of treatment claims. In both instances, the news organizations made public the databases they accessed through Freedom of Information Act requests. It appears that two cases at the Fort Wayne VA Medical Center and three cases at the Marion VA Medical Center are listed by both of these databases. I realize all of these were before your time at VANIHCs, but can you provide further details or comment on the following cases? For example, were these court-ordered awards or private settlements that VA, VANIHCs or VISN 11 reached with the families of the patients who died? Can you talk about the circumstances of these deaths? I plan to write a story reporting that these cases are included in the databases. Fort Wayne: Case 16648, filed either 3/7/03 or 3/17/02, improper performance, improper management, family paid \$150,000 Case 32138, filed 4/25/98, improper performance, family paid \$250,000 Marion: Case 30589, filed 9/18/07, wrongful diagnosis or misdiagnosis, family paid \$50,000 Case 32730, filed 6/25/08, failure to supervise, failure to recognize a complication, family paid \$10,047.45 Case 35248, filed 3/9/09, failure to recognize a complication, family paid \$50,000 Also in Marion, one case was marked NULL: failure to appropriate medication, filed 12/19/11, \$75,000. VHA 10N23 - Minneapolis Office	14-05252-F	United States Senate	What is the average number of days that veterans must wait to recieved medical appointments at each VA Facility throughout Minnesota, including Minneapolis and St. Cloud VA Medical Centers, all Community Based Outpatient Clinics (CBOC's) and other facilities? Please break out this information with respect to primary adn specialty care of different types. We understand that each clinic has processes to ensure veterans with urgent needs recieve care as quickly as possible. Please detail waht those processes are and, if available, provide the wait times for acute or urgent care. Please explain how wait times are calculated in all cases. In your written materials, you state that the only official and sanctioned wait list is the Electronic Wait List (EWL) for new patients. Do you have an EWL for established patients? If so, is it a separate EWL? If so, Are the wait times different fro mthose of the EWL for new patients? If not, how do you ensure the established patients who are not able to get an appointmen within 14 days are seen? What are the causes of extended delays in scheduling appointments, and what remedies might address such extended delays? What role, for instance, do provider workforce shortages play in causing extended delays? To what extent are weekend and evening appointment available, ans what role do limitations on the hours when appointments are scheduled - during the day and during the week - play in causing extended delays? Can you clarify which positions at each facility is responsible for ensuring that veterans do not face undue wait times? Are there gaps in accountability for monitoring veterans' wait times for appointments?	5/27/2014

VHA 101 - VA Central Office (VACO)	14-05382-F	MSNBC	1. I've been given, by a source inside the VA, the statistic that nationally, the average wait time to see a VA doctor is 21 days. I need supporting documentation. This can be found, I'm told, in the most recent wait time data for new patients to primary care, specialty care, and mental health. This data source uses the "create date," which I'm told is much harder to manipulate than the material sent in by the Phoenix VA. Though today's IG report, if I'm reading it correctly, suggests that the Phoenix VA managed to compromise the accuracy of the create date. 2. I am also seeking, at the suggestion of my source, data about Access trends as measured by VA's Survey of Health Experiences of Patient (SHEP).	5/29/2014

The interviewed candidates were from which certificates? From which certificate was the individual selected? Where did the selected individual rank on the certificate? Was a VA employee selected or a preference eligible veteran? What was the status of the individual selected? How are preference eligible veterans identified on a certificate? How does the hiring official know that I am eligible for special employment consideration as a Veteran with Schedule A, 30% or more disability, VRA, etc. Just "flagging" an individual on a certificate does not identify what "special" authority applies to that individual. Why did I not receive a notification email that I was not contacted or selected; and that someone was selected. This is a recurring problem from Syracuse; candidates are not receiving any notifications on the status of their application. VHA 506 - VA Ann Arbor Healthcare System	14-05504-F	Crain's detroit Business	Media reqes from Detroit Magazine requesting the following information: Does the Ann Arbor VA maintain two sets of lists for vets? One for appointments, and the electronic wait list? What is the average length of time it takes for vets to get an appointment? Break down for medical, dental, mental health, primary care, and specialty services. What is the average length of time vets wait on the EWL? Does Ann Arbor VA offer vets the opportunity to get care at a private hospital or with a private doctor, under certain circumstances. When does that happen? How many vets are referred out? Total number, and percentage of vets who need care? (VA says it spends 10% of budget nationally on non-VA health care). How much spent on this care? Where are they referred? UM, St. Joes, Henry Ford Hospital, DMC, St. John, etc? With the new VA policy on using outside providers, how many more vets will be referred out? When will this policy be implemented? Have there been deaths for vets waiting for an appointment or on the EWL? Has Ann Arbor VA been cleared in the recent audit? Not one of the 42 medical centers targeted for deeper review? Do you have a comment on this? However, a newspaper investigation showed that Detroit VA has paid out \$1.8 million in several wrongful death lawsuits since Sept. 11, 2001. Ann Arbor VA has paid out at least \$300,000 for two claims, the Battle Creek VA paid about \$750,000 for six claims and the Saginaw VA paid \$762,500 for three claims, said reports by the Center for Investigative Reporting, the Dayton Daily News and the Cox Media Group.	6/3/2014

Second, we would like to know if there are different procedures for the delivery of Tarsys wheelchairs, generally, and request copies of those procedures. Third, we would like to know more about SOPs, if any exist, that relate to the V.A.'s handling of new wheelchair deliveries of any kind for quadriplegic patients. Of course, we also request copies of those procedures. We also would like to know if there are any supplementary procedures, above and beyond the national V.A. SOPs, that the Miami V.A. employs for all of the above.	7/14/2014

VHA 646 - VA Pittsburgh Healthcare Syste	14-07162-F	-	Request for: 1. An accounting of the actions taken by Ms. (b) (6) and Ms. (b) (6) (as being purveyprs of patient safety and quality managment for the VAPHS) upon the discovery of exposure of Veterans and hospital employees to Legionella at VAPHS. I had brought the issue of leakage of malodorous fluid from the ceiling in the radiation oncology and the PET-CT areas to the attention of VA's leadership in 2008-2009, specifically Ms. (b) (6) Ms. (b) (6) , And Drs. (b) (6) and (b) (6) . Nothing was done at the time until several months later when the contractor who had replaced the tiles to certify that the area was not contaminated. 2. the name of the contractor who provided this certification and his provenances (sucha as certification of the qualifications of this contractor). 3. Further more I would like to be supplied with evidence that there was no conflict of interest in using the same contractor who replaced the tiles to provide the certification of the effectiveness of his work. 4. Additionally, I would like to be provided with any documentation that might reflect that the engineering or facilities maintnance department had deemed it clear, as per Dr. (b) (6) statement. Please be informed that Ms. (b) (6) and Mr. (b) (6) had specifically stated to me that this type of certification was not within their job descriptions or the stated mission of their departments -reducing Dr. (b) (6) statement to being a non factual one.	8/4/2014

VHA 101 - VA Central Office (VACO)	14-07464-F	The Tampa Tribune	1. By name, what specific VA employees participated in creating and reviewing the National Consult Delay Review Fact Sheet provided to Congress in April and briefed to HVAC April 7? 2. By name, what specific person was responsible for approving the final version of the National Consult Delay Review Fact Sheet provided to Congress in April and briefed to HVAC April 7? 3. Please explain what the "2010-2012 look back" is and why it was not referenced in the fact sheet, mentioned in the April 7 briefing to HVAC or referenced in subsequent congressional testimony? 4. Please state definitively the time-period of the review that led to the discovery of 23 deaths, and please provide a reason why this time period was not included in in the fact sheet, briefed to Congress or referenced in congressional testimony? 5. Please describe in detail the steps you are taking to hold the VA Central Office officials responsible for what appears to be an attempt to mislead Congress and the public. 6. In congressional testimony dated April 9, 2014, (name omitted) testified that VA was in the process of completing a review of 250 million consults since 1999 and that the review would be completed "in the next month or two." Please provide the complete results of that review to the committee. The results should include: a. The total number of deaths resulting from delayed consults, to include the dates the consults were originally scheduled and the dates the deaths occurred. b. The total number of patients harmed or at risk of death due to delayed consults, to include the dates the consults were scheduled and the dates patients were found to be at risk of harm or death. c. The dates of all institutional disclosures made by VA in response to consult delays. d. The number of veterans who waited more than 60 days for a consultation that identified a health problem, but for whom VA contends the health problem was not linked to the delay. e. The VA medical facilities where the affected veterans were seeking treatment. f. An indication of whether the statistics on wait times, institutional disclosures and deaths identified by this review were self-reported by facilities or gleaned from an independent evaluation by an outside entity. i. If the statistics are self-reports, please explain how you know they are accurate, given evidence of widespread date manipulation at many VA medical facilities. g. Please describe in detail the steps VA is taking to hold employees responsible for these delays in treatment accountable.	8/15/2014

VHA 646 - VA Pittsburgh Healthcare System	14-07612-F	Congress of the United States	The explanation and accounting of the four lists VAPHS uses to manager veterans access was particularly helpful. Your announcement to VISN 4 stakeholders on July 19, 2014 that your office would continue to provide similar data about the New Enrollee Appointment Request (NEAR) list and the Electronic Waiting List (EWL) on a bimonthly basis was also welcome. Transparency of this kind is absolutely essential...In the meantime you also mention in your responses that although VAPHS did conduct a "formal, comprehensive, facility-wide audit in fiscal year 2012," there was no documentation to indicate that a similar audit was performed in fiscal 2013. You state that an audit will be conducted before the end of fiscal 2014. I would appreciate it if you would share a copy of the FY2012 and FY2014 audits with my office. You also note that you are still in the process of completing a fact finding to identify all individuals who were involved in the monitoring of the NEAR list at VAPHS. This investigation should include determining which of those individuals, if any, received performance awards or bonuses that were influenced by any extent by meeting the fourteen-day target (which I understand VAPHS no longer utilized). I would renew my request for the names, positions, and bonuses paid in the last three years to any such individuals that are identified as part of this investigation.	8/21/2014

VHA 10N17 - VA Heart of Texas Health Car	14-08417-F	Texas Veterans Commission	TEXAS VETERANS COMMISSION (TVC): Questions for all VA Health Care Systems in Texas The following will be done for VISN 16, 17, 18 (consolidated response) GENERAL QUESTIONS: for business office/eligibility/transfer coordinator/patient administration service and/or primary care, etc. 1. If a Veteran isn't eligible for VA medical services, who would they speak to in order to get a letter stating they aren't eligible so they may use this to seek other services that require such a letter (such as Department of Human Services, etc.) ? If someone locally does this at your facility, please list their name and number? If a Veterans Benefits Administration (VBA) staff person at your facility or in your community does this, please list their contact information. 2. When a Veteran is sent to a community/private hospital emergency department (ED) from a VA clinic, what is the procedure to get them to a VA medical center and who is the point of contact (POC) that arranges this? If this is your transfer coordinator or similar person, please list their name and number as well as the contact for after hours and weekends. 3. If a Veteran reports to/is taken to via ambulance to a community/private hospital, who do they contact to let them know they are there and may need a transfer to the VA medical center? If this is your transfer coordinator or similar person, please list their name and number as well as who to contact after hours. 4. How are walk-ins handled at your facility? Is there an urgent care area just for walk-ins? 5. Glasses: What types are free vs. types in which the Veteran would have to pay? VA provides what is prescribed as medically necessary based on the Veteran's need. 6. Hearing Aids: How often can a Veteran get them? The local VA audiologist reviews the need and would replace them as clinically indicated. 7. How long are appointments? Is there a standard time period? 30 to 60 minutes depending on the clinical needs of the Veteran. 8. What type of Transgender care do you provide? Refer to VHA Directive "Providing Health Care for Transgender and Intersex Veterans" at: http://www.va.gov/vhapublications/ViewPublication.asp?pub_ID=286 3 a. Do you have unisex bathrooms? VHA 589A6 - VA Eastern Kansas Health Car	14-20452-FP	-	I am requesting the following information through Freedom of Information: CONCERNING THE "Specific Service Line Position" named: 1. I would like to know the scores from the "Specific Service Line Position" named Interviews. 2. Were all candidates asked the same questions and same follow-up questions or clarification to questions? 3. I would like to know from the selecting official the deciding factor for the selection made, i.e.,: experience, education. 4. Named individual and 2nd Named individual were interns in the Specific office at the same time. This looks like pre-selection that is why I want to know what the deciding factors were. 5. Was Mr. specific "last Name" the selecting official? 6. Were all of the applicants that applied for the "Specific Service Line Position" position eligible at GS-14 level? 7. I need copies of the "Specific Service Line Position" position description. I need the one that was in place when the job was posted in February and also a copy of the one I was told was re-written and re-posted at a lower grade that the selection was made from. So there should be 2 position descriptions. I want to know what the differences were. I have been turned down by Mr. "last Name". 8. I want to know why when I asked Mr. "last Name" for the position descriptions he questioned me as to why I wanted a copy of these two position descriptions. I would like to know from Mr. "last Name" why this is secret information and he is not willing to share what changes were made to the position description. Copies of Files KEPT ON requestor: 9. Ms. Last name told me she had a file on me that she was looking at when she was talking to me on the phone when she was filling my CA-1 out. We were discussing the CA-1 that I believe someone else may have filled out. I want copies of any and all files, supervisory notes, paper or electronic or any other information held by any management officials at Eastern Kansas HealthCare or by any/all other employee/family member that information may have been given Slusher). I would like to know why Ms. Last name has a file that obviously is a secret file on me. I do not need copies of my OPF. 10. I would like to know why it took Ms. Last name 3 months to complete a CA-1 for an accident on me that occurred on 5/12/14. She was notified numerous times by E-mail that this needed to be done. I finally had to call her supervisor Mr. Last name to try to get this completed. This claim will probably be denied. OWCP denied to be paid for the accident.	9/25/2014
