VHA 460 - Wilmington VA Medical Center	<u>15-14608-FP</u>	Atlantic Country Veterans Advisory Board	Question 1: What is the staff breakdown at the Northfield (NJ) community based outpatient clinic (CBOC)? Question 2: What is the number of Northfield-specific referrals to Wilmington or Philadelphia due to the Northfield CBOC not providing specific services? Question 3: How does this number of referrals compare to other CBOC's across the country? Question 4: Is VA considering adding additional services at the Northfield CBOC so that veterans don't have to travel as often? Specifically, is VA considering adding allergy and immunology, audiology, dermatology, ENT, gastrointestinal, nutritional, pain clinic, and/or vision services at the Northfield location anytime soon? Question 5: How much does it cost in travel reimbursements and bus transportation each year to get veterans from Northfield to Wilmington or Philadelphia to get services not offered locally? Question 6: How are telehealth services being expanded in New Jersey and specifically through the Northfield CBOC to ease the need to travel to Wilmington or Philadelphia? Question 7: When will a designated women's health provider be brought on to the staff of the Northfield CBOC, and why has it taken so long to hire one? It appears that the Northfield CBOC has been without a designated women's health services provider since August 2013.	6/5/2015

A considerable number of phone calls and other communications were then exchanged between Bay Pines VA Healthcare System or other components of VISN 8 for the ostensible purpose of determining whether particular surgery would take place outside the VA system but at VA expense. We respectfully request each and every records of those communications, including but not limited to memoranda of the conversations, email, written correspondence, faxes and all other records pertaining to the urgency of the heart surgery at issue, its ultimate timing, the ability of the Department of Veterans Affairs to perform the surgery at a VA facility and to transport the Veteran to such a facility, the Department of Veterans Affairs decision whether to pay for the surgery and transportation on a fee basis or through coordination of non-VA care, and the reasons why the surgery did not take place sooner. Although the Veteran died at a non-VA facility on or about November 22, 2013, we are seeking all such records for the period of November 19, 2013 through the present because of the possibility that the case of this Veteran has been the subject of ongoing evaluation or scrutiny. VHA 565 - Fayetteville, NC VA Medical Ce	<a href="#">15-05672-F</a>	-	I request access to and copies of the current lease agreement between the VA and Summit Smith HealthCare for the use of the Wilmington Health Care Center, to include the dollar amount of the lease and what is included in that price (is it the facility only or does it include furniture, medical equipment, etc?). I would like to receive the information in electronic format. (If a .pdf of the lease agreement could be emailed to newsroom@wect.com that would be preferable. If not, please mail via USPS.) As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request. I am gathering information on the amount of money the VA is spending to lease VA clinic in Wilmington, that is of current interest to the public because it is paid for with tax money. This information is being sought on behalf of WECT for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.	6/16/2015

VHA 662 - San Francisco VA Medical Cente	<u>15-06719-F</u>	-	Dear VA: My father, (b) (6), was a WWII veteran who passed away at your facility on December 8, 1992. He was a dialysis patient at the medical center before his death. (b) (6), my brother and one of (b) (6) sons, currently has a medical issue. His physician has asked about our family's medical history. We know much about our mother's medical past but next to nothing about dad's. To assist our family with potential medical issues in the future, it is important for us to obtain as much of our father's medical history as we possibly can. I went online and completed form 10-5345. Unfortunately, we do not have his social security number. I used his service number instead. I hope the following information will be helpful in locating his medical history information: Name: (b) (6) Service No.: 377-60-80 Born: January 18, 1922 Died: December 8, 1992 I hope this information is sufficient. Thank you. (b) (6)	7/30/2015
