VHA 662 - San Francisco VA Medical Cente	<u>15-06719-F</u>	-	Dear VA: My father, (b) (6), was a WWII veteran who passed away at your facility on December 8, 1992. He was a dialysis patient at the medical center before his death. (b) (6), my brother and one of (b) (6) sons, currently has a medical issue. His physician has asked about our family's medical history. We know much about our mother's medical past but next to nothing about dad's. To assist our family with potential medical issues in the future, it is important for us to obtain as much of our father's medical history as we possibly can. I went online and completed form 10-5345. Unfortunately, we do not have his social security number. I used his service number instead. I hope the following information will be helpful in locating his medical history information: Name: (b) (6) Service No.: 377-60-80 Born: January 18, 1922 Died: December 8, 1992 I hope this information is sufficient. Thank you. (b) (6)	7/30/2015

KARE 11	9/2/2015	On 08/07/15 Minneapolis VA Public Affairs Officer Ralph Heussner wrote to KARE 11 the following: "Over the winter and early spring we worked with the St. Paul Regional Office to identify veterans for whom a repeat initial TBI examination might be warranted. Working closely with the Regional Office, we have contacted veterans affected by this issue to schedule and complete a repeat initial TBI examination by a medical specialist in neurology, psychiatry, neurosurgery, or physical medicine & rehabilitation. As of August 10th, we will have completed the clinical component of this review." Based on that statement, I am requesting a copy of the following information: 1. The total number of veterans identified as receiving Initial TBI exams by unqualified medical personnel in the Comp and Pen Unit at the Minneapolis VA Medical Center. 2. The total number of veterans who were rescheduled and received a repeat Initial TBI exam by the proper medical specialist. 3. Of those veterans identified as receiving an improper initial TBI exam between 2010 and 2014, how many received a diagnosis of "No TBI" during that exam. 4. The number of veterans previously diagnosed as not having a TBI during the exam by unqualified medical personnel, who have subsequently received a positive TBI diagnosis when examined during the repeat Initial TBI exam by a neurologist, neurosurgeon, psychiatrist or physiatrist.	15-07642-F

-	9/3/2015	<p>-----Original Message----- From: (b) (6)</p> <p>Sent: Wednesday, September 02, 2015 3:48 PM To: (b) (6) Subject: [EXTERNAL] FOIA request by (b) (6), 7302 September 2, 2015 (b) (6)</p> <p>Re: medical review ordered by (b) (6), director of the VA Denver Mr. (b) (6), On March 10, 2015 I was seen by Dr. (b) (6), given a chest ex-ray, and diagnosed as showing signs of pneumonia. I called 911, taken to Castle Rock hospital, examined, told about my two ER visits to the VA in Denver and diagnosed with pneumonia, but the ER admitting doctor wasn't convinced and extremely concerned. A C-scan was given, uncovering I had 6 to 8 blood clots in my lungs. At that time a VA doctor, Dr. (b) (6) called Dr. (b) (6) my attending Castle Rock ER and apologized for the mis-diagnosis, was told of my life threatening condition, her reply was to keep me at Castle Rock hospital, and would make arrangements for the VA to cover this expense..... After I was released, two days later I was called by the PR department of the VA and told the VA Director directed a full review of</p>	15-07830-F

-	9/4/2015	Request is for records from Patient Advocate of my continued fight with the VA Asheville over my care & their lack of being able to provide me with what we EARNED which is "The Best Care Available." I would like records pertaining to my request, I think maybe 4 years ago for a new Rheumatoid Arthritis doctor because after 3 years of seeing that quack [Name withheld]. It was roughly an 18 month battle where Asheville crew) let me suffer with no medical care because they could not provide it & could not find another within a reasonable distance & travel time. I'm guessing around 4 years ago, maybe a little farther back. Next I want records regarding the pharmacy not being able to get my steroids to me on time & sometimes not at all. I think that was around 2012 or 2013 time. Patient advocate will know about that as she was involved 2 times trying to get me my meds. Then I would like records from about April 2014 to present regarding Asheville denying my Doctor's prescription for 7 weeks because it was not on the cheap, old, out dated medical procedure, Formulary Drug list. I need all records & correspondence regarding Asheville denying me my prescription	15-07710-F

-	9/14/2015	I recently received a letter from the Privacy Officer at the VA Medical Center in Houston. The letter stated that someone emailed my full name, full social security number, and my protected health information to an outside email. I have a few questions concerning this incident. According to the FOIA I have a right to know who and why my private information was emailed outside the VA. Is there a lack of training or is it someone who is trying to use my information for personal gain. The questions I have are the following: 1.) Who sent my information? Full name and title of position at the VA 2.) Why was my information sent outside the VA? 3.) I know that the patient's social security number is never allowed in an email. So was this person trained? 4.) Is this person still working at the VA? 5.) What measures were taken to make sure this doesn't happen again with to me?	15-20823-FP

Atlantic Country Veterans Advisory Board	9/23/2015	The Veterans' Mental Health And Other Care Improvements Act Of 2008, Section 403, Public Law 110-387 mandated that the Department of Veterans Affairs conduct a pilot program over three years for contract care of eligible veterans in selected Veterans Integrated Service Networks. This pilot, Project ARCH (Access Received Closer to Home), intended to improve access for eligible veterans by connecting them to health care services closer to home. Five Veterans Affairs Medical Centers (VAMCs) or Health Care Systems (HCSs) were selected from across the country to pilot Project ARCH, including Togus VAMC for Caribou, Maine (VISN 1); Hunter Holmes McGuire VAMC for Farmville, Virginia (VISN 6); Robert J. Dole VAMC for Pratt, Kansas (VISN 15); Northern Arizona VA HCS for Flagstaff, Arizona (VISN 18); and VA Montana HCS for Billings, Montana (VISN 19). Humana Veterans Health Services and Cary Medical Center were selected as the two contracted care organizations and began accepting referrals under ARCH in August 2011. -	9/29/2015	<p>I hereby request you provide the Medicare reduced BART Assault bills that I may get these paid. Your fraudulent bills total over \$115000. I have paid the Fee Basis bill back to Wall Medical Physical Therapist (b) (6) of — \$4300. This reduced the \$7300 you listed in your certified bills by — \$3000. Had you listed the exact amount you paid (b) (6), I would have accepted these bills as true, correct, honest and valid, instead of Medical Billing Fraud. It will be my goal after receiving the Medicare Reduced bills to remove the malpractice and pay these bills. Under this FOIA request I also hereby request you provide the Guidelines and Manual the Regional Counsel uses to verify and negotiate these bills down to 1/3 the VA overpriced amounts. I plan to sell my home to pay this bill off. My \$56000 home is currently worth \$110000+. I will consult with a tax attorney to comply with IRS rules on the Sale of Personal Residences. I believe that if I have the check made out to the VA, there will be no income tax owed. As long as I sell my home for less than \$56000 there would be no income tax due anyway. I learned from (b) (6) the Medicare amounts are — 25% of the VA Mare Island fraudulent billed amounts. My losses from the Oct 17, 2007 BART Assault not total over \$600000. My Mom was killed as collateral damage after she broke her hip July 23, 2008 and bled to death Dec 11, 2008 from Kaiser Malpractice. Kaiser is even worse than the VA. I live with this nightmare every day.</p>	15-22862-FP

-	9/29/2015	I hereby request under the Medical Care Reimbursement Act of 1986 Section 249 seaman's exemption what your lawful authority was to bill a Seaman Employer's Medical Plan for treatment at VA Medical Facilities for treatment for injuries and illness as a result of Military Service and USMM Service during Wartime) Desert Shield / Desert Storm / Desert Sortie). In this case you billed the Marine Engineers Benefits Association Plans from Oct 1992 when I returned from my first tour aboard SS LNG VIRGO until my benefits exhausted some years later. The bills total — \$25000. Some bills were for treatment aboard MV CAPE HORN during the Gulf War. The American Marine Officers union and American Radio Association refused to pay VA bills. I have letters from both plans should you want them.	15-22864-FP

What authority under United States Law and California Law did you use to change my pseudo number to an SSN in Aug 2010, then publish it & disburse it to (b) (6) Defense Attorney, Eric Gale?	15-22866-FP

Medfinity LLC	9/30/2015	We would like a copy of the solicitation to see if any announcement was made and how ProAim Medical was awarded \$500,000+ contract without bidding since we are also a reseller of St Jude Medical product and could have offer the same item at a more competitive price. Furthermore, we would like to see copy of all proposal received by the VA since St Jude Medical told us that resellers are only allowed quote set aside for Small Business only including us and ProAim Medical. Since this solicitation was "unrestricted" which would mean that only St Jude is to be quoting direct to the VA and no other resellers seems to contradict this and somehow ProAim Medical mysteriously received this award.	15-08665-F

CBS NEWS ATLANTA	10/5/2015	<p>This is a request under the Freedom of Information Act. I'm requesting copies of the following incident reports from 2014 and 2015 for the Charles George VA Medical Center Police. We're asking for the incident reports resulting from complaints from veterans or their families to the VA Police/Investigations Department concerning stolen medication (prescription drugs ordered for mail delivery from the VA pharmacy, but never received by the individual. We're requesting those incident reports from January 1, 2014- December 31, 2014 and January 1, 2015- September 30, 2015. We believe there should be close to 80 reports and those records should include names and addresses of the victims as well as a brief description of the incident. If any portion of the report is redacted, we want the specific area in the law cited for the redacting of the information. We understand if types of medication may need to be redacted for reasons of protecting medical information. I'd also like the numbers for VISN-wide district how many times have there been reports of missing prescriptions for VISN-6 for the same two time frames. I am willing to pay up to \$20.00 for the processing of my request. Please notify me if you estimate the fees to exceed this amount. If it will take longer than 30 days to process this request we expected to get notification and an explanation why. However we believe we are entitled for a fee waiver or expedited processing, because these records are in the public's interest to unveil problems that may exist in the system. If you have any questions, I may be reached at [phone number withheld] or by email at [address withheld] We are asking that these records be expedited because it's information that should</p>	16-00087-F

-	10/30/2015	On or about July 31, 2015, Mr. MB may have reported an assault by another VA employee. That alleged assault is now an element of an EEO complaint. I am trying to find out: 1. Was such an incident reported to the Amarillo VA Police? 2. If an incident was reported, was there a report and/or investigation? And 3. What would be required from us to receive copies of any report(s) and/or investigation results? We have a deadline to provide any documentation no later than October 16, 2015. I have copied my Regional Director, Mr. MC, since I will be on leave after today. He will be able to assign the appropriate member of the Regional Support Office staff to work with your office to fulfill any requirements necessary for us to receive the requested documents. -	11/16/2015	I am writing to request some information in regards to my application for Vacancy #1497723 as a Nurse Practitioner with the South Texas Veterans Health Care System. The first item I am requesting is a copy of the policies and procedures manual in regards to hiring (for professional positions) for the Veterans Healthcare System, and if there is one specific to STVHCS, I would like to request a copy of that as well. Also, I would like to determine how many "points" I was given when being considered for this position (as the position is point-based from my understanding), and I would like the total number of points of the candidate that was selected for the position as well as the alternates selected for the position. I am willing to pay applicable fees if necessary for this information. However, I would like to request a fee waiver, if possible, as I believe that I have justification to determine why I was not selected, as this was not the first time.	16-02127-FP

-	12/3/2015	I arrived at the Jesse Brow VAMC in April 2007 as the Chief of Police from the Kansas City VAMC. As a veteran working the Jesse Brown VAMC, I haven't used any Veteran Affairs Center for treatment in VISN 12, so no one should have a reason to view my medical records. My Veteran Medical records are at the Topeka Kansas VAMC since 2002. I've never sought treatment in VISN12/Jesse Brown VAMC. My major concern is from April 2007 to present, the timelessness of the return on this request is questionable being I'm a veteran working at the Jesse Brown VAMC, why is this not being monitored. My medical records, is Protected Health Information, was copied, uploaded, downloaded, changed, circumvented, deleted and modified. It was noted in July 2014, that a employee did access my medical records for reasons unknown to me, I didn't receive a statement to the reason why the employee gained access to my medical records.	16-03019-FP

-	12/15/2015	I am writing to request supporting documentation that would clear me from false allegations my ex-wife, Named individual, made to a Specified County Judge on October 6, 2015. Named individual was a Specified VAMC employee working as a Physician Assistant in Surgery (full name) and more recently at the DOM (other name used). Named individual testified I was responsible for her being investigated at the Specified VAMC which would have resulted in her being placed in a leave without pay status during a lengthy investigation. As I told you on December 11, 2015, a medical center SW employee, called me sometime during that same week looking for another employee. I am not sure why SW employee was in my chart looking for contact information for another employee, but it did make me very uncomfortable. I would like to request your assistance with improving my privacy by increasing security on my chart, I have been informed that sensitizing or security flags can be placed on charts to track who views the chart. I would also like it noted that I am no longer a patient at medical center and no one should be reviewing my chart or contacting me from there".	16-04346-FP
