-	1/7/2016	I (b) (6) is requesting a full complete copy of emails, sent, deleted, trash, recycle with anything that has my name on it (b) (6). From the Veteran Affairs Hospital from Ms. (b) (6) anything that has been said or spoken by phone or emails. I would like a full copy of everything. Meaning missing pieces aren't allowed on this request. Anything that was sent from Ms. (b) (6) email or phone to any VA staff, and outside of the hospital with (b) (6) name on it. Dates from 08/05/2015 to 01/05/2016. I request that you submit a copy of any procedures that the Amarillo VA uses in order to "validate" a person who is receiving VA benefits. I was told verbally in the fall of 2014 that there is no procedure to check a persons fingerprints against that database that the FBI has (all military personnel get fingerprinted upon entry at MEPS), or to verbally ask a person who may be committing fraud questions from a veterans service jacket stored in the archives."	16-02784-F	2/18/2016

Military Times	1/11/2016	Military Times run these statistics in our Insurance Guide each year, and wondered if you could help me update them: 1. Of service members who have died since Sept. 11, 2001 - all active-duty deaths, not just combat-related deaths - 98 (current percent?) percent had Servicemembers' Group Life Insurance coverage; 91 (current percent?) percent had the maximum \$400,000 coverage. 2. Since Sept. 11, 2011, a total of 29,913 (updated number?) (SGLI claims valued at \$9.5 (updated number?) billion have been paid to beneficiaries through Dec. 31, 2014. Looking for 2015 update. 3. Last year, on average, the Office of Servicemembers' Group Life Insurance paid out to beneficiaries within 2.0 (still correct? Looking for 2015 update) working days after receiving the claim documents, down from an average of 2.5 working days in 2013.	16-02829-F	1/26/2016

-	1/12/2016	I am requesting under the FOIA Act, information regarding the job announcement listed below. Specifically, I am requesting the qualifications for this job and criteria used for selection of candidates. I would like to know how the VISN approves or disapproves applicants based on what selection criteria (if there is a criteria other than what is listed in the announcement itself); I would also like to know about the selection of other Clinical Pharmacy Specialists in the past with my same level of experience. I believe that there has been selection of GS-12 pharmacists to position of GS-13 CPS in the past with my same or similar level of experience that has been approved by the VISN. I do not have those job announcements available but I would like any information this office can provide about the selection criteria for GS-13 pharmacists, what has been done in the past, how pharmacists at my grade have been selected for the next grade and why there has been a change in the selection criteria as of the job announcement posted above.	16-03412-F	2/4/2016

Beckley VA Medical Center	1/15/2016	MHSL PA/Union steward was asking staff questions about my time coming, going and what I did during the day. From my discussion with Labor Relations Specialist, the union would take complaints by staff and submit information to him for further action. Since I have documentation of MHSL PA/Union steward performing this task several occasions, I'm requesting the communication and records from his action that was submitted to Labor Relations Specialist and/or the quad. This started in May 2015 and continued until currently (Jan. 2016). I informed Labor Relations Specialist of this and made a official complaint. I'm asking for the copies of the correspondence and records of him looking into my complaint that I made on 5/11/15 to him. I'm also asking for the records of communication and any other records that MHSL PA/Union steward received from his investigation.	16-02866-F	1/29/2016

Dept of FL District 16 VA	1/28/2016	Here is what we need: 1. If there is a requirement for low income Veterans to produce and maintain a yearly means test, please inform me as where I may find this in any publication put out by the Veterans Administration so that I may bring this information forward to all of our Veterans Service Officers during our training seminars. 2. If ANY Veteran must have a new or renewed means test in order to maintain their zero copay or for any reason, Inform the Veteran as to this need PRIOR to any billing. I have asked these questions at my local VA, Congressman's Office and also Secretary McDonalds Office. I know this to be a Systemic issue as I have also been in contact with the National Billing Office for the VA. As this is a National VA Issue, I would also ask that (b) (6), the privacy officer also answer a few questions. Privacy Officer (b) (6) I hereby request the information that follows: 1. -	2/1/2016	(1)Any and all emails generated by (b) (6) and (b) (6) from November 2013 to October 2015 specifically directing the ER Manager (b) (6) and the ER staff to utilize a Procedure Clinic and/or an ESI 5 or 4 clinic to transfer ER patients into in order to reduce the number of ED Visits and reduce any Veteran ER wait times. (2)Any and all copies of a VA Policy, manual, email, directives, procedures, handbooks, or written guidance explaining what an ESI 5 or 4 clinic is, and how the VA Emergency Department is to utilize it. (3)Any and all copies of any VA policy, manual, email, directives, procedures, handbooks, or written guidance explaining what a PROCEDURE CLINIC is, and how the VA Emergency Department is to utilize it. I am not asking for information on clinics within other departments such as pain clinic, wound clinic, or dermatology clinic. I am ONLY asking if the Emergency Room Department specifically has a procedure clinic that they use for lower ranking emergencies and classifications in order to reduce wait times and ER visit numbers. (4)Any and all copies of any VA policy, manual, email, directives, procedures, handbooks, or written guidance or any procedure the Louis A. Johnson VA Hospital Emergency Department is to utilize in order to reduce patient wait times, or cut down on Emergency Room Visit Numbers. (5)Please provide a copy of any written or verbal complaint received or investigated by the Louis A. Johnson VA Medical Center against employee (b) (6) during the last 5 years for violating Veteran Patient Confidentiality. Certain patient confidentiality information may be redacted or blocked out as per HIPAA rules. (6)Please provide any and all documents on how Louis A. Johnson would investigate and what if any discipline procedures are in place for an employee violating patient confidentiality, and specifically the scope or level of disciplines available for a supervisor against an employee for this kind of breach whether intentional or not from the lowest to highest rating i.e. Verbal Reprimand to dismissal. (7)Any and all documents, correspondence, emails, or graphs that may show that the Louis A. Johnson VA Medical Center at one time received the highest number of Emergency Room visits in the nation during the last five years. (8)Please provide the web site if any that Louis A. Johnson VA Medical Center has developed for whistleblower rights and protections as set forth under the OSC Certification process.	16-03238-F	3/15/2016

Local 84 IUEC	2/1/2016	I am writing to follow up on my initial letter sent to (b) (6) dated December 24, 2015, in which I inquired about the administration of the contract for the Upgrade Elevators 7&8 project (Project Number:693-12-106/Solicitation Number VA244-14-B-0678/Award Number VA244-14-C-0362.) According to publically available information, the current completion date for the project is July 14, 2015. However, it appears the contractors are still working on this project. Based on a review of the solicitation documents, it looks like this particular contract has a liquidation damages clause specifying damages will be assessed for each day of delay. See Instructions, Conditions and Other Statements to Bidders/Offerors, Section 4.3. Given the delay in contract completion, I would like to know whether the clause contained in Section 4.3 has been enforced, or alternately, whether you intend to enforce it.	16-03241-F	2/12/2016

-	2/2/2016	(1)How does the Louis A. Johnson VAMC utilize indexing or triaging of Emergency Room Veterans as patients? (2)Does the VAMC utilize the National ESI system in the ER? This system is the National Emergency Severity Index System which utilizes a five level indexing system for experienced ER Nurses to evaluate and triage ER patients rating their acuity from level 1 most urgent to level 5 the least resource intensive. (3)Has the Louis A. Johnson VAMC in Clarksburg WV had a practice of moving ER patients with a lessor ESI rating of a 4 or a 5 into other clinics to lower ER numbers even though they reported in to the Emergency Room and were triaged by ER Nurses? (4)If so, what other clinics were the Veterans moved into? Why was this done? (5)Does the Louis A. Johnson now or in the last 5 years had a practice of moving Veterans after being checked into the ER into clinics called a Procedure clinic or an ESI 5 Clinic? If so, please provide information on what a procedure and ESI clinic is, where is the hospital are they located, and what national VA directive or policies or procedures allow this practice of moving patients from the ER after being triaged by an experienced ER Nurse utilizing the National ESI Standards of ER indexing, and then informing ER staff to put these Veterans into other clinics just to reduce the ER numbers. Please provide a full accounting of this procedure or practice. (6)Please provide the numbers of how many Veterans during the last five years were transferred from the Emergency room into both the ESI 5 and procedure clinics utilized by the Louis A. Johnson VAMC. (7)Please provide a list of all job descriptions and or what positions are required to run a Community Based Outpatient Clinic as provided by the VA Guidelines. (8)Please provide a copy of the VA job listing that (b) (6) applied for at the Parkersburg CBOC and the one that the CBOC Psychiatric RN applied for. (9)Please provide all Memos, Emails, directives, SOP, manuals, notes or correspondence where Louis A. Johnson VAMC Supervisors and or Managers have instructed the ER Department to utilize ESI 4 and 5 clinics and procedure clinics to move Veterans out of the ER that will enable the VAMC to produce lower wait times and lower ER Usage for reporting purposes. (10) Please provide the dates and the amount during the last five years of any bonus that VAMC employees (b) (6), (b) (6), and (b) (6) may have received. (11)How many Louis A. Scripps News Washington Bureau	2/11/2016	I understand Dr. (b) (6) was a deputy chief of staff at the St. Louis VA during a number of years ranging from 2010 -early 2014. During parts of these years, she was on the books as an employee in St. Louis officially who was "detailed" to other VA facilities in South Carolina and Ohio. Due to her being an employee of your facility during those years, I'm directing my inquiry to you. We would like to know for each year 2010-2014 (or partial year) of her time assigned to St. Louis, what were her: 1) title(s) 2) total salary (itemized if it is comprised of pay for multiple roles) 3) all forms of pay augmentation / bonuses/ supplemental compensation broken out For instance, in her current role today she is paid as deputy chief of staff and as a thoracic surgeon. She is eligible currently for compensation in her capacity as a deputy chief of staff, MD Market Pay, MD Pay for Performance, and for Performance Awards among other items such as a one time relocation incentive. -	2/18/2016	"Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following Documents; One copy of the database (less all HIPPA information) regarding all external locations all VAMC patients have been sent to for treatment since 1995. I request this information be provided in either a database or excel format on CD-ROM. Please note that 5 U.S.C Section 552(a)(4)(A)(iv)(II) requires that you provide the first 100 copies to me at no charge. However, I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iv)(iii). The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the Veteran's Administration Medical Center, Amarillo TX and is not primarily in my commercial interest. My request concerns the operations and activities of a government facility because it is my belief that VAMC Amarillo TX demonstrates selectivity in sending patients to specialty hospitals in the VAMC network. I refer to the conversation with Mr. D (sp) on February 11, 2016 in which he refused to send me to the VAMC Neurosurgery Specialty Hospital in West Haven CT for spinal surgery, but had no rebuttal when I questioned why he sent cardio-pulmonary patients to the Cardio-pulmonary specialty VAMC in Tucson AZ. He merely continued to repeat himself. Also, the information sought has informative value, or potential for contribution to public understanding. It is possible that I plan to disseminate this information to the public at large in the following manner: Releasing this, in accordance with my experience to the news media and all 495 members of Congress. No vague assertions shall be made. All information will be extracted exactly from the data obtained from the information provided by you and will be agreed upon by both parties. Because of the misunderstanding (to read the lies about VET's Choice) being touted by the administration, this will help the public and Congress, this will help the public understand veterans' have more choices, yet there are small bureaucrats (Mr. D (sp)) who overstep their bounds when it comes to veteran's health care. Thus fra, the Amarillo VAMC has avoided a negative eye in the public. And it would be a pity if this were to come to light because of a government employee who has self-empowered himself with more power than he actually has. As with the previous document I sent you, I called his boss, FR, and he never returned my phone call. I look forward to your response within the 20 working days, as outlined by the statute." -	3/2/2016	A copy of the investigative results you conducted and sent to me regarding my alleged violations of 45 C.F.R parts 160 & 164 Subparts A, C, and E of the Federal Standards for Privacy of Individually Identifiable Health Information and Security Standards. Along with Louis A. Johnson's VAMC failure to contact me under the Breach of Notification Rule subpart D PHI 45 C.F.R. 164.400 – 164.414 are attached. I feel your investigative results were biased, flawed, conducted by parties with a vested interest in the outcome, and incomplete as well as superficial and were not taken very seriously when it was apparent my records were in fact accessed. In your letter you state that the conversation between XX and ER Nurse Manager had legitimate needs to accessing my records and discussing my mental health conversation about me being in jail 15 years ago. However you failed to dictate as the reason why XX CBOC employee XX drove to Louis A. Johnson VAMC and spoke to my wife's Manager about my past being in jail? What possible medical explanation could that entail? You also failed to explain where and why XX had obtained that information. This is a serious breach of HIPAA, HighTech, Federal Laws, VA Policies and Procedures, as well as violations of my civil rights. Ms. (b) (6), I expect a more detailed explanation as to why this conversation took place in the first place and where or who did XX get the information from? As a Veteran whose records were improperly accessed, I have the right to a full accounting. Why was this information given to the Louis A. Johnson VAMC ER Nurse Manager when I was never in the ER discussing my jail time at any time? Your generic, incomplete, and ambiguous response is unacceptable to me regarding a Data Security Breach of my Protected & Confidential Health Information. I am awaiting a more detailed explanation as to WHY and HOW this information was obtained and disseminated among several VA employees from two facilities. If you are unwilling or unable to give me a full accounting considering this breach please give me a detailed reason along with any legal precedent for such a denial. Thank you.	16-04628-F	3/25/2016

-	3/7/2016	I would like to submit a FOIA request pertaining to Vietnam veterans. I am interested in finding out how many military pilots who were active service members from 1965-1985 have submitted health claims for the coverage of meningioma tumors? I would also like to know how many of those claims were accepted or denied. In addition, I am interested in how many veterans have submitted claims for meningioma believing there was a link between Agent Orange exposure and their tumors? And out of those how many claims were honored or denied? The results of this request will be shared with veteran groups in an effort to add to the scant knowledge out there concerning meningioma and applying for VA benefits.	16-04175-F	3/28/2016

As the sub-agency that had the vacancy, officials at Dorn VAMC should be able to fulfill this request with minimal research. 2. Amarillo Globe	3/10/2016	Dear Freedom of Information Officers: This request is made under the federal Freedom of Information Act, 5 U.S.C. 552. I would like all documentation, emails and material provided by the Amarillo Veterans' Administration Health Care System concerning the improper traumatic brain injuries diagnosis, particularly including details on the 70 veterans in Amarillo that were diagnosed by unqualified medical workers. I would like to limit this request to documentation already provided by the Amarillo Veterans' Administration Health Care System in response to FOIA or TPIA requests. I am doing this to limit the costs associated with gathering this information and improve the timeline in which I would see materials returned to me. The Freedom of Information Act, as you are aware, provides that if portions of a document are exempt, the remainder must be segregated and released. Therefore, I would appreciate your sending me all non-exempt portions of those records I have requested. Should you elect to withhold or delete any information, please justify your decision by referencing specific exemptions under the act. Under provisions of the FOI Act, I reserve the right to appeal should you determine to withhold any information sought in my request. I agree to pay reasonable search and/or duplication fees connected with my request. However, should you estimate the total fees will exceed \$100, please notify me so that I may authorize expenditures of a greater amount. While I am prepared to pay such reasonable fees, the FOI Act provides for a waiver or reduction of fees if disclosure could be considered as "primarily benefiting the general public." I am a journalist on the staff of the Amarillo Globe News and plan to use the requested information in a planned news article. Therefore, I ask that you waive all search and/or duplication costs. Should you deny my request for a waiver of fees, however, and the estimated fees exceed \$100, please notify me of the charges so that I may decide whether to pay the fees or appeal your denial of my request for a waiver. Since I am making this request in my capacity as a journalist and because this information is of a timely nature, I would appreciate your communicating with me by telephone or email at (b) (6) @amarillo.com or (b) (6) rather than by mail if you have any questions regarding the request. The American Legion	3/25/2016	Finally, is there any report that VISN 4 is allowed to send me a copy of about the Veteran's Choice Program and Health Net? We would like to know the following for a one year or six month time frame (or whatever time period you can give me): Number of authorizations sent from VAMC to Health Net Number of appointments scheduled within 30 days by Health Net Number of appointments scheduled after 30 days/90 days/180 days (or whatever increment you track) by Health Net Number of urgent appointments scheduled within 30 days versus after 30 days by Health Net Number of veterans who have been sent to collections due to non-payment of bills Number of veterans complaining about issues with Health Net Any other numerical values that show the success or failure of the Vet Choice Program Reports with the same information that Health Net is sending to VAMC I will explain briefly why we want the information. We are proposing a resolution to the Department of Pennsylvania American Legion (100,000 veteran voices) in a few weeks. If the resolution passes, we will then elevate our concerns to American Legion National. I just found out about this and need some data to show our Department Executive Committee for the resolution. If the answer is that you cannot send me any data, please "officially" explain why you cannot send me data about Veteran's Choice Program and Health Net.	16-05144-F	4/8/2016

I have the FY 14 Geographic Distribution of VA expenditures (GDX) for Texas and for Congressional District 17. However, I need the breakdown of the expenses for CBOC College Station in the same format as FY 14 Geographic Distribution of VA expenditures (GDX). In addition it will also be helpful to know how many patients required in patient care and where they were sent: local, Temple, Waco, Dallas or Houston. The cost breakdown on imaging CT, MRI, Special studies, and plain films both in cost and numbers and the facility that did them. Laboratory testing in the same way. Please respond with email with facts and figures. I understand that the congressman can obtain these himself but I would be extremely grateful if you would provide me with the facts and figures that you have for FY 14 and anything that is available for FY 15. Beckley VA Medical Center	4/12/2016	In March 2016 I advised my BECVAMC supervisor of what I understand to be a Facebook page that is said to be categorized as secret, whose purpose is dedicated to individuals who have an interest in BECVAMC's Caregivers Support Program (CSP). It is my understanding that this Facebook page site is only open to individuals who are granted permission by the owner to participate. (This is not a BECVAMC, Veterans Administration or federal government Facebook page and is not sanctioned or supported by the federal government.) At that time, I shared personal concerns with my BECVAMC supervisor that my name and my role as an employee of BECVAMC as the Caregivers Support Program Alternate are topics of written discussion on this Facebook page site. It is my understanding that my supervisor consulted with the BECVAMC Information Security Officer, (name omitted), and that he had been able to identify the Facebook page website address/site URL or mobile web URL, as well as the name of the owner of this Facebook page. In accordance with the Freedom of Information Act (FOIA), please provide me all the information that (name omitted), ISO, provided my supervisor about this Facebook page site, as well as any other information he might have learned while he was exploring this matter. CLARIFICATION: My direct supervisor is (name omitted). It is my understanding that ISO provided her information but my sense is that it was general information without much in the way of specifics. And, as you can see from my request, what I am asking for is the specifics that ISO learned.	16-05779-F	4/20/2016

Number of Choice Cards issued since the program's inception For each of the below, we would like totals since program inception as well as either monthly or quarterly totals (whichever way the data is kept). It may prove easiest to provide separate data sets for Health Net Inc. and TriWest Healthcare Alliance Corp. since they are generating the data. 2. Number of vets deemed eligible for the program - due to > 30 day wait time - due to > 40 mile driving distance 3. Number of appointments requested - by vets eligible due to > 30 day wait time - by vets eligible due to > 40 mile driving distance 4. Number of appointments scheduled - for vets eligible due to > 30 day wait time - for vets eligible due to > 40 mile driving distance 5. Number of appointments held - for vets eligible due to > 30 day wait time - for vets eligible due to > 40 mile driving distance 6. Number of requested appointments that remain(ed) unscheduled - for vets eligible due to > 30 day wait time - for vets eligible due to > 40 mile driving distance - number that remained unscheduled for more than 90 days for vets eligible due to > 30 day wait times - number that remained unscheduled for more than 90 days for vets eligible due to > 40 mile driving distance. (This data was recently reported, so I believe it is accessible: "Recently in Montana, there were 5,000 Veterans Choice appointments requested but unscheduled, and 2,600 of those requests were older than 90 days, according to Sen. Jon Tester's office.) 7. Authorizations that expired with no appointment scheduled - for vets eligible due to > 30 day wait time - or vets eligible due to > 40 mile driving distance 8. Armo Press, LLC	4/19/2016	This FOIA request is about VHA Policy Management team of 10B4 within the Office of Regulatory and Administrative Affairs. I was not clear where to send it. I seek any and all records containing communications about Directive 2006-057 since January 1, 2011. This should include communications from (b) (6) that it is appropriate VHA policy to utilize the above directive despite it containing bold language indicating it was "expired" since October 31, 2011. I also seek any and all OGC opinions concerning this policy that were sent to VHA or 10B4 team for instruction. Also include in excel format the date of expiration and proposed replacement date for each and every VHA directive without redaction. I also seek the CVs or resumes of (name omitted), (name omitted), (name omitted), and (name omitted). Unreacted records are sought because disclosure of identity and training related to review of VHA policy allow significant and vital insight into internal workings of federal governmental policy making including credentialing and training of individuals relied on for this important task. It would allow the public to know if the individuals riving the policy engine of VHA have the requisite training to conduct statutory interpretation, regulatory interpretation and other forms of legal work. Please also send any and all training manuals, DVD trainings, or other training tools utilized by this staff of four individuals. Please also send each individuals VA training history since January 1, 2011.	16-06384-F	4/28/2016

-	4/27/2016	I am concerned about the lack of physicians at the Tucson VA. I am a Viet Nam veteran who served as a Navy doc assigned to the Marine Corp in Da Nang 1970-71. After I completed my Cardiology training I worked at the Tucson VA for 40 years; I was Chief of Cardiology for 35 years. I left in July 2015. In my opinion the staffing at the Tucson VA, SAVAHCS, in the medical subspecialists and hospitalists is totally inadequate. I obtained the following information from the Tucson VA and am now requesting the same from your institutions to compare. Ms. Donna Wilson, head FOIA at Tucson VA (see enclosed letter), informed me I have to request the information directly from each institution. I request the following: 1) Names, dates of hire, dates of leaving and board certifications of VA full time Internal Medicine subspecialists, specifically, Gastroenterology, Pulmonary/Critical Care, and Cardiology. I request this information for the last 5 years broken down by subspecialty and reported for every 6 months. 2) I request the same information for full time VA Hospitalists.	16-10737-FP	5/26/2016

Anyway I was prepared for PBI questions which I thought the VA and OPM have gone to... to measure your skills and abilities....not questions about 0730 policy, which if I needed to know a certain paragraph I can definitely look it up. But I don't know which policy and how it elates to which paragraph in our 0370/4?off the top of my head. I would like to FOIA the questions (if possible) and the whole process.	16-11085-FP	5/26/2016

-	5/12/2016	I am requesting copies of my VA Outlook emails which I sent to and received from the following individuals from July 10th 2015 to August 20th 2015. "Five names withheld" The emails I am requesting pertain to the harassment, retaliation, and disability discrimination which "name withheld" was doing to me. If it will help you to find these emails easier, the "subject line" of some of the emails may contain the following: "Name withheld continued abuse of authority", "Retaliation with a 14-day Suspension", "Complaint", "Union Complaint" I'm looking for one email in particular which was sent to me by "Name Withheld" on July 10th, 2015. I do not remember the exact wording but in this email "name withheld" stated that I was forbidden to file a complaint. I think the subject line may have been "Request for time to prepare" but I'm not sure. (Date Range for Record Search: From 07/10/2015 To 08/20/2015)	16-07094-F	6/30/2016

-	5/18/2016	Veteran entered a detox program for addiction to prescription medications. Per understanding, this is a requirement prior to getting accepted into the PTSD program at the VA facility. On 4-29-16, Veteran got into a physical altercation with another patient (name unknown). The VA police were notified and responded to the incident. Following the fight, both patients were kicked out of the detox program. One May 1, Veteran was taken to another VA facility, as he was coherent. Shortly thereafter, he was admitted, received an MRI and it was later identified that he had cerebral edema due to a contusion received on the back of his head. Additional requested information: Did the VA facility release his medical records back to the other VA facility? Or does the detox treatment facility have them? I am aware that he supervises the University of Minnesota Cardiothoracic Surgery Fellowship program at Minneapolis VA. I seek copies of the CONTRACTS, STATEMENT OF WORK, or SIMILAR record copies that spell out what precisely Dr. (b) (6) is responsible for at the facility. -	6/1/2016	As I specifically requested a copy of the VA Police Incident Report that was filed against me by the Lake Wylie Primary Care Receptionist on May 11, 2016 after I asked to speak with her supervisor (which I consider to be an act of revenge, retaliation, and/or reprisal on her part) and while it was that I was not charged with anything, the fact remains that there is now a VA Police Incident Report associated with me that will follow me for the rest of my life. As I requested to file my own VA Police Incident Report and was denied the opportunity to do so by the Police Officer, I want to go on record that VHA Employees do not have a "secret police force" in which to use against Veterans who seek to escalate their concerns when they not neglect, incompetence, or are dissatisfied with the customer service they receive to the point of seeking to provide feedback in an effort to improve things at the VHA only to be set upon by the employee whom the Veteran seeks to report to a supervisor only to find themselves (the Veteran) being investigated by the VA Police. I respectfully request a copy of my SPAR from April 1, 2016 until today June 1, 2016 (or the date of your printing of this requested report) so that I can review who has accessed my VHA Electronic Patient Medical Records.	16-15419-FP	7/13/2016

-	6/3/2016	1. The MCM 136-07 that Dr. (b) (6) provided myself and Congressman McKinley was only A BLANK written procedure on the REQUEST for initiation and Modification of Clinics at the local level. Please provide a copy of the actual request that was submitted under MCM 136-07 along with the attachment A that would authorize Louis A. Johnson VAMC to utilize an ESI-5 Clinic and a Procedure clinic in the emergency department with stop codes 329 and 323 that Dr. (b) (6) referenced and told Congressman McKinley that was how Louis A. Johnson VAMC was able to use the additional codes in the ED. 2. Please provide any and all documents that this request for additional stop codes in the ER was granted and on who's authority, and the date it was authorized. 3. Please provide any and all actual completed documents of any requests that have been submitted during the last 10 years by Louis A. Johnson VAMC to change or add any stop code designations in the Emergency Department beyond STOP CODE 130. 4. Please provide the appropriate directive and documentation that gives Dr. (b) (6) who is the Director of the Louis A. Johnson VAMC the authority to specifically supersede VHA Directive 2010-027 and VHA Handbook 1101.05 and utilize stop codes 329 and 323 in the emergency department in order to manipulate patient data to change workload credit, managerial accounting and program evaluations, as well as staffing and the counting of patients? If no such document exists, or can be found please state so. 5. Dr. (b) (6) stated to Congressman McKinley that in the ER other stop codes are used for things such as flu vaccination, and removal of sutures, etc. However, according to VHA Directive 2010-027 those designations can only be used as a SECONDARY stop code which is a modifier to the PRIMARY such as 323-710 which is a flu vaccination in a primary clinic such as the Gold Firm. Therefore, I am requesting you provide any and all documentation that a Primary stop code such as 323 may be used to document things like flu vaccinations which are a secondary modifier code that Dr. (b) (6) mentions, and or please correct my misunderstandings of Primary and secondary Stop Codes as defined by VHA Directive 2010-027 as it pertains to Dr. (b) (6) response that code 323 is used to document other activities in the ER such as vaccinations. 6. Dr. (b) (6) stated "if one or more procedures are performed in the ER then additional stop codes will be recorded." Please provide the reference by VHA guidelines where additional stop codes may be used for one visit to the ER by a Veteran who may have more than one procedure completed during his visit.	16-08243-F	6/28/2016

-	6/24/2016	I wanted to see if I could request your most current list of employees and their title! I've heard that some VA's are having a hard time keeping nurses (1 in 10 retire/quit/move) and I was hoping you all could help me see the data there! I can submit a formal open records request if you need one! I think it'd be great to see the employment lists every month this past year to see if there are any trends. 1. We'd like anyone who falls under the "nurse " title. 2. Every month would be the best so we can see if there are any changes. 3. would like to see Even if they're leaving- and you have to keep hiring, that's still losing knowledge and skill. Basically we can get the number of nurses quitting/retiring each month, along with the hired nurses. That way you don't have to give away names or anything!	16-08939-F	8/2/2016

-	7/12/2016	REQUESTOR MODIFIED THE REQUEST: NARROWED SCOPE TO ITEMS 1 AND 4 ONLY. FEES ARE NOT APPLICABLE TO THESE ITEMS. ORIGINAL LINE ITEMS: (1) So what I am seeking is not an E-Mail or discussions but rather a copy of the actual request (if any) by Louis A. Johnson VAMC that would have been submitted to The National Stop Code Council to incorporate additional stop code designations 329 and 323 in the ER at Louis A. Johnson VAMC and a copy of the authorization (if any) that would approve the request. According to those VHA Directives as I understand them, Louis A. Johnson would not have been allowed to establish their own in house VHACLA CLINIC COMMITTEE to add any additional stop code designations beyond 130 in the ER. So any additional assistance, help, documentation or explanations as to how Dr. Glen Snider and the VHACLA CLINIC COMMITTEE and their E mail discussions were able to use the additional stop codes 329 and 323 in the ED without approval from the National Stop Code Council and VHA Handbook 1101.05 would greatly be appreciated assisting me to better understand. If no request was submitted to the National Stop Code Council, and no approval was granted to use stop codes 329 and 323 in the ER at Louis A. Johnson VAMC please state so, or inform me that no such documentation could be found, located, or substantiated. (2) If any VHA Rule, Directive, or Handbook granted Louis A. Johnson VAMC the authority to use a local MCM or other procedure to supersede the official VHA policy and the National Stop Code Council of only utilizing stop code 130 in the ER, please provide me with a copy of any such supporting documentation or state no records could be located. (3) An explanation of the abbreviations / acronyms in the E Mail you provided to include: A. MLP B. PCCM MAP C. VHACLA D. Chief PAS (4) Please provide any and all documentation on the duties, responsibilities, authority and mission statement of the Louis A. Johnson VAMC VHACLA Clinic Set Up Committee referenced in the E-Mails you sent me. (5) Please provide a copy of the Job Title, General Duties and or responsibilities of (b) (6) and (b) (6) LAJVAMC Employees between June 1, 2013 and September 1, 2013 and their current position / General Duties / Title if still a LAJVAMC employee at this time.	16-09529-F	8/11/2016

These policies must address the issues of domestic abuse, child abuse, elder abuse, and sexual assault and abuse utilizing definitions based on state statutes". I want a copy of her policies and her training plan to train Manchester employees as required under VHA 2012-022. Director (b) (6) and (b) (6) were informed of an Elder who was in crisis and needed help and they refused to help him. In the West Palm Beach area, Hyperbaric Treatment Therapy is being used to treat these disabilities, and the question from the Florida State Legislature is: What other methodologies are in use? When is it anticipated these treatment options become available for all veterans?	16-10515-F	8/5/2016
Florida Department of Veterans Affairs	8/3/2016	As the Director of Benefits and Assistance for the State of Florida Veterans' Affairs, I often assist the legislature in obtaining information pertinent to veterans legislation. There is a legislative bill which will assert certain benefits to veterans in Florida who are 100% permanently and totally disabled. I was able to locate the information for all veterans who are 100% disabled in Florida, but there was no distinction between those which are 100% and those which are 100% permanently and totally disabled. I know this will require some research as it entails veterans in both VISN 8 and VISN 16. Please assist me in finding this information.	16-10702-F	8/10/2016
