VHA 590 - Hampton VA Medical Center	21-00371-F	10/13/2020	-	I request following information or a copy of the following documents, or documents containing the following information, be provided to me: 1. How many COVID-19 patients was HVAMC treating (on 14 May 2020)? 2. How many COVID-19 patients were hospitalized at HVAMC (on 14 May 2020)? 3. Why did HVAMC discontinued all other medical support (as this is what my PCM communicated to me on 14 May 2020)? 4. What is the capacity of HVAMC (i.e., what are the number of beds and how many patients can each department see each day)? 4a. Evans, stated on 14 May 2020 that HVAMC was treating 16 COVID-19 patients, five of which had to be hospitalized in a special COVID-19 unit. What is the capacity of this COVID-19 unit? Also, how has HVAMC specifically prioritized resources toward COVID-19 response detracted from resource allocation from other areas of the hospital (e.g., # of nurses, doctors, etc., moved from other areas to Covid-19 unit, 3 of XX number of beds allocated, etc) 4b. How many of these 16 COVID-19 patients have died as a result of their illness as of 17 August 2020? 1. How many people work at HVAMC (i.e.) specifically how many doctors, nurses, support personnel, admin staff by department, specialty, job title, etc) work at HVAMC? Have they all been receiving full pay and allowances during this time? 2. Why did it take HVAMC more than two weeks to respond to my initial RFI concerning HVAMC capabilities and capacities when the person I talked to said they would get back to me within 24 hours? Those were very simple, up front questions. 6a. Why has HVAMC never followed up with me after my email to Donnell Evans, dated 4 June 2020. 3. Who specifically is held responsible and accountable for the training and competency of HVAMC personnel? 4. How are HVAMC personnel held accountable for gross negligence or dereliction of their administrative and medical duty to provide care? 5. What is HVAMC policy when a medical provider states "only emergent (life or death) consults are being accepted at this time" and "Due to the covid-19 no consults are being entered for anything at this time meaning community care is not accepting any consults at this time either." This appears to me that either someone has been failed to be trained or someone has failed to train HVAMC personnel properly. Who is accountable? 9a. How many "emergent (life or death) consults" has HVAMC and its CBOCs treated by day from 1 March 2020 to 17 August 2020. I would like this broken down by records regarding (b)(6)	-	-

This complaint concerned amendment requests, FIOA requests, statements of disagreements (some that were attached to the letter from the general council dated 10-2-2019 saying that I have the right to do the statement of disagreement), and other requests that the acting privacy officer (b)(6), refused to process from June 2019 through December 2019. It also included information about a privacy complaint that the VA SORCC (White City Oregon) and the VISN 20 (Portland Oregon) refused to process. I received the VHA Privacy Offices reply to my complaint in letter dated 2-21-2020.	-	-

Of course, I was good with that for sure. I didn't interview for it, but I knew the AMSA interview was terrific, and maybe they considered me for the position. Well, my offer said AMSA, and I did accept it. I can't recall the date, but I received a call congratulating me on getting the Lead MSA position in Clarksville. VHA 101 - VA Central Office (VACO)	21-01237-F	11/30/2020	-	1. What is the total cost of the program including, but not limited to, appropriations, FTE, administrative, etc. for the entire VA system, including VACO and all sites of care, including hospitals, HCCs, CBOCs, Vet Centers, or other sites? 2. How is cost effectiveness of the national Whole Health program measured, and can I get that reported information? 3. How much was spent in the last Fiscal Year (FY) and how much is requested for FY 2021 for community care for "Complementary and Integrative Health" (CIH) services, such as acupuncture, Reiki therapy, aromatherapy, massage therapy, biofeedback, naturopathy, homeopathy, etc.? 4. How did this program come to be a feature in VA healthcare? In other words, was there national Veteran support or requests, or was it a desire of VA management, or what? The first and third items are strictly focused on budget information, which I would think would be readily available from VHA records. I'm interested in learning what the total cost of the Whole Health program has been to date. I understand that some aspects of the program may be difficult to quantify, as the program has been operational for several years. I would think the third item re: community care would be relatively easy to compile, as those costs are part of each health care system's records (payments made to community providers/vendors), which I presume are shared with VACO. Having previously worked in VA for 25 years, I imagine my second item is a bit aspirational, so we can forget that one. As for the fourth item, I'm flexible about that because it may be impossible to locate records of high level meetings from several years ago. Consequently, I can limit my request by eliminating that item as well. Perhaps the issue is that I'm not sufficiently well versed in how VHA budget records are maintained or detailed. The information I seek is historical and strictly related to past budgets. If you need me to further limit the scope of my request, please indicate specifically what is needed and I'll do my best to accommodate your request. Thank you for your prompt response, and I look forward to working together to achieve my information seeking goals with a "reasonable amount of effort."	-	-

VHA 756 - El Paso VA Health Care System	21-01408-F	12/4/2020	-	My husband passed away on Sept 15, 2020. The VA had been providing 11 hours per week home health care for him for a couple years. He had long term care insurance that picked up 24/7 care for him less the VA hours starting July 5, 2020. The long term care insurance has a 90 day waiting period before coverage would commence; however, the care provided by the VA would count against this waiting period. His care was provided by AM Home Person Assistance Service /AM Private Duty (GRT INC) in El Paso, TX. In order to certify the VA services, the long term insurance will need the following: 1. Statement of Services covered (bathing, dressing, etc.) 2. Contract hourly rate. 3. From Aug 1, 2019 - July 1, 2020: Each date of service and the amount paid. We would receive a letter when a payment was made from the Financial Services Center, Financial Healthcare Service. It would list each day, service code G0156, billed charges and amount paid for that day. The entire claim for the period was then totaled. Unfortunately, I did not keep these letters so am asking you for this information. What is Service Code G0156? Are there any VA training documents that address the following questions? * Are the VA Police taught to conduct a preliminary investigation? * Are the VA Police taught to interview the suspect before the suspect is fired by HAS? * If the VA Police finds evidence that a crime has occurred, are they taught to stop their preliminary investigation and contact the VA OIG? VHA 596 - Lexington VA Medical Center	21-01974-F	12/16/2020	-	Government Solutions and Services (GS2) is a Service Disabled Veteran Owned Small Business formed and led by Veterans, all driven by the same principles we lived by while in uniform. We are committed to supporting the mission of active duty service members and our Veterans. We are interested in partnering with the VHA Facilities in Lexington and Louisville, Kentucky to ensure safe management and handling of hazardous waste. To begin the process of building a relationship we intend to learn the requirements of both VHA facilities through this FOIA request and conversation with the appropriate VA representatives following all applicable acquisition guidance. Each one of the following bullets is a request for information from both facilities. • Acquisition agreements including National, VISN, and facility-level Purchase Orders, Task Orders, Contracts, etc. associated with the management, removal, and disposal of hazardous waste/materials, medical and non-medical. • Current unmet requirements that will result in an acquisition in Fiscal Year 2021. • Points of Contact with email addresses, office numbers, and mobile phones of Contracting Officers and Contracting Officers Representatives for all related contracts. • Any guidance related to searchable websites for parties interested in contracting with VA; especially in KY. GS2 is willing to pay up to and including \$100.00 to fulfill our request without further approval. We look forward to discussing our request and how a partnership with GS2 can be beneficial to the overall mission of VHA.	-	-

VHA 626 - Tennessee Valley Healthcare Sy	21-02294-F	12/29/2020	-	I previously requested a FOIA Request this was request was completed after my review of the information I was sent, and I then was satisfied with no further concerns at that time. There were two candidates that scored higher than me in total points that were offered the position per total points. The first employee did not take the position the second person then offered accepted the position. I was recently informed that the second selection will be transferring to another location. This made the position available again. I was then informed that a third selection has been made from the remaining candidates and an offer was given to the next candidate. My concerns now have resurfaced about this and the person that was offered the position. As well as if they were the next person per total points that was to be selected for this position. So, at this time I would like to request another FOIA request of who was the next deemed qualified candidate on the list after the first selections did not work out. I would like to know who the next qualifying employees were along with their qualifications/interview scores. Also see pertaining information that they provided for the hiring process resume, preference points total interview points etc. regarding their qualifications for their hiring offer for the LMSA position. Also, I would like to know if they were the next appropriate qualified candidate on the list to be selected per hiring process, how they would have been selected and offered the position over others that qualified or totaled overall points than others that applied for the position. The position in question is for the Lead Medical Support Position that is held under the BO. If possible, I would like to also see any corresponding emails, Teams chats, skypes between the offeree of the LMSA position and the BO management team regarding this	-	-

VHA 101 - VA Central Office (VACO)	21-02544-F	1/11/2021	-	On Dec 2, 2020 I filed a complaint with the New Hampshire Veterans Home. It is my understanding that the Veterans Home is owned and managed by the State of NH, but oversight is the responsibility of the VHA. In December 2020, the Governor of NH stated that the Veterans Administration would conduct an external investigation as the result of an Infectious Outbreak of Covid in the facility. The Governor's Office has confirmed receipt of the For-Cause Survey report, but cannot release findings without permission from VHA. The only oversight report that has been made available is the NH State Home Annual Survey dated 04/17/19. My concerns over neglect at NHVH remain unanswered with no remedy of an immediate jeopardy action plan.	Granted/Denied in Part	1/26/2021

VHA 648 - Portland VA Medical Center	21-03441-F	2/10/2021	-	I am a former employee of the Portland VA Medical Center, and was separated on January 20th, 2021. I have worked in the Imaging Department from March of 2008 until January 20, 2021. On the day of my Separation, I called the IT Help desk and obtained RFEQ#4056 787 to obtain my personal digital items. I was given the name of (name omitted); she would be obtaining these items for me. I have had NO CONTACT from (name omitted), until I called her on February 8, 2021. I was told by (name omitted) that I could not get these items requested. I would like to know why I am being denied my property. I have never heard of this happening to any other former co-workers. This is not legal. I am requesting copies of my email account, and a digital copy of my employee personal user drive (U:Drive). These are my personal digital items, as i was not allowed to obtain copies of them. I do not believe I should be charged a fee for this, but please notify me if there are fees that would be legally incurred for this request. I would also like to know why these items are being kept from me.	-	-

I request the information organized by VAMC location aggregated over the past 12 months (Jan 2020 through Dec 2020 or the most recent calendar year available). Please provide any available information broken down by: • VA Facility name • VA Facility unique number • VA Facility location to include: VISN, region, city and state (preferably in separate columns) In order to better understand those diagnosed and/or treated with Clostridium difficile, I request the number of those individuals with a history for the following ICD-10 codes: Enterocolitis due to Clostridium difficile, recurrent(A04.71); Enterocolitis due to Clostridium difficile, not specified as recurrent (A04.72); and Enterocolitis due to Clostridium difficile (A04.70).
